10 December 1974

MEMORANDUM FOR: Addressees

SUBJECT : Briefing of Ambassador Carlucci
and DCM Oakum

1. Ambassador Carlucci and his deputy will be coming to CIA on 27 December for briefings with DDO and DDI people. The DDI session will be from about 1015 to 1100.

2. Since the Ambassador will presumably have done a considerable amount of homework at State on the basic situation, I would think it sensible to be fairly selective and discriminating about the points to be emphasized. In other words, we should assume a pretty sophisticated knowledge of the facts, and concentrate on uncertainties and questions about which we would like improved coverage in the future.

3. I would suggest more of a round-table discussion than a formal briefing, though we should lead off with ten minutes or so of observations from OCI with a few additional comments from OER and OPR to get the talk going. I would suggest the following participants if available at this rather awkward time: OCI - [redacted]

OER - [redacted]

OPR - [redacted]

4. Please let my office know who is available. We will know later where the discussion will take place.

[redacted]
National Intelligence Officer
